Program Structure Overview

Key Themes

Covered over the duration of this microlearning E-Series:

Diversity & Inclusion

- Learn how leaders connect outward to establish a vision and mission
- Build awareness of your own worldly mindset and potentially unconscious biases
- Understand why some people react the way they do
- Explore how to motivate and retain diverse others

Relational Intelligence

- Build a leadership toolkit to increase resilience based on seven proven competencies
- Improve abilities to build collaboration and trust
- Unleashing Potential in Yourself and Others

Social Sustainability

- Manage and invest with the purpose of sustaining long term value creation
- Balance the need of all; stakeholders ,society ,future generations and the environment

Intrapreneurship using Data Science

- How companies can innovate using advanced analytics & technology to push company goals

Innovation & Creativity

- Discover design thinking and the types of problems it helps solve
- Develop an empathetic mindset - understanding the problem from the user's perspective
- Generate deep insights to reframe your understanding of the problem

Managing Disruption

- How to deal with disruptive change
- How to prepare for disruption on a continual basis
- How to ask uncomfortable questions like: Who are our emerging competitors?

Strategic Agility

- Bolster your organization's capability to deal with change
- Understand how culture and politics affect the adoption of a strategic plan

Holistic Growth Mindset

- Achieve greater success through linking a growth mindset approach to leadership and team development. Leave with an understanding and key strategies that help develop learning skills and a growth mindset.
- Embrace challenges as opportunities
- Persist in the face of setbacks
